TIMBER & JOINERY

As major timber importers HARCROS have an enviable reputation for supplying good quality Structural Timbers plus Sawn and Prepared Joinery Timbers — based on local needs.

With the introduction of new sophisticated computer controlled wood machining within the Group, our preparation of Mouldings and sections have entered a new era. Patterns are set automatically by computer

to a level of consistency and accuracy not previously attainable. The resulting planing is of such high quality that little, if any, sanding or finishing is required prior to painting or staining.

In addition to Softwood timbers, a selected range of Hardwoods are also available, together with the HARCROS range of Hardwood Mouldings and square edge sections.

TREATMENT

Timber and Sheet Materials can be chemically treated to prevent rot, insect and fungal attack. The treatments include Protim organic solvent and Tanalised CCA pressure impregnation preservation processes.

Many items are available ex stock. Please enquire for further information.

STRESS GRADING

Timber can be stress graded to SC3 or SC4 in accordance with BS4978 at the depot.

A qualified visual stress grader is always available to assist and advise, should you require it.

MACHINING

Large or small quantities of timber can be machined to your requirements including:-

- Planed to finished size
- Special Mouldings
- Regularising
- Cross Cutting to Length

JOINERY

As the Group are main John Carr stockists we can offer the complete range of joinery products from the comprehensive John Carr Catalogue. A copy of the Catalogue is obtainable free of charge from the depot. Popular items are available ex-stock or to order within a short period.

Here you will also find details about the latest HARCROS range of elegant kitchens. These stylish kitchens are available off the shelf in flat packs, at a fraction of the cost you would expect to pay for such quality.

Our policy of flexibility however, enables us to consider all enquiries for non stock items or variations on our standard product range.

HEADLINER

EOIN
HAND

The first League game of any season is always a special occasion. There is inevitably an air of optimism in every club in the country. Tell me the team that doesn't look forward to a good season and I'll tell you a team that has major problems.

Invariably the opening day has, in my memory, always been hot, sticky and energy sapping. I do feel that, given all the ingredients that make up this special day, there can be a lot of drawbacks towards a flowing fluid performance. So it proved in our opener against Swansea. We were a bit "edgy" in this game knowing how important it is to get off to a good start. However, the end result was really what mattered. Ask any manager if he'd prefer his team to play well and lose or play not so well and win.....

It's one of those days that you want to get out of the way with three points in the bag, even if the goal comes in the last minute!

Certainly we've been leaving it late in our first three competitive matches. But Brian Clough once remarked "It only takes a second to score a goal so never give up till the final whistle has blown".

It's been a good start but we are so aware of what is needed to keep things on the boil. The next game is always the most important and thus we know the importance of competing against our visitors today, Bolton Wanderers. Bolton did take six points from us last season so let's hope we can begin to rectify that this afternoon. Like ourselves, the Wanderers

have made a good start to the season with a win and a draw in their first two Barclays League Matches. They will not be push-overs by any stretch of the imagination, but let's hope that it's Town who will be celebrating the first half of a double by 4.40 p.m.

While the first team have quite naturally been receiving most attention, the juniors have also made an excellent start to the season. They produced some good performances in the build up to the new season and have started with three straight wins in the Northern Intermediate League. Keep it going, lads.

Finally, a warm welcome to today's game. It should be an entertaining match so, whichever side of the Pennines you are from, I hope we provide ninety minutes worth of enjoyment.

IT'S A DOGS LIFE

The appearance of our new mascot at the club's photocall and at the Swansea City match has prompted a number of supporters to ask "who is he?" Or even "who is in the costume?"

The choice of a name for our new canine friend has been left in the hands of the young Huddersfield Examiner readers — with the most popular answer to be published shortly.

Meanwhile, speculation has reduced the likely candidates of who is inside the apparel to just a few. Firstly, your popular programme editor has been mentioned. Reason: well the dog does have hair! Then of course, there's

Melvyn Booth from the Examiner. After all, perhaps we have found a friend for their "Newshound". Former Leeds Road favourite Steve Kindon has also had his name bandied about. Kindo still lives locally, but during his days at Burnley he was nicknamed "Skippy". Finally, but naturally not least, is Keith Hanvey. He is known within the club as "Pig" or "Hog", no connection there you might think. But recently, he has disbanded his lunchtime 5-a-side team — "Hanvey's Has Beens" — and transferred to a team called, simply, "Dogs".

GENERALLY SPEAKING

Highest Gates for Six Years

Barclays League attendances on the opening Saturday reached a six-year high with 480,432 spectators watching the 46 matches played — an increase of 47,044 on last season when only 44 matches took place.

A very healthy start to the 1989-90 Barclays League campaign and hopefully an indication that gates will rise for the fourth consecutive season. Although every division showed an upturn on the opening day, the biggest increase occurred in Division Two where attendances were 34,471 up on last year.

The trend continued in mid-week when 319,477 spectators watched the 16 Barclays League matches played.

T.V. Viewing Figures Up

Figures released by London Weekend Television show that last season's 'The Match' programme attracted an average audience of 6.97 million — a 13% increase on the previous year's level of 6.18 million.

In fact, that dramatic Liverpool v Arsenal title decider attracted 10.3 million viewers — greater than the domestic audience for the F.A. Cup Final.

Two 'live' dates have so far been confirmed for this season:

29th October — Liverpool v Tottenham Hotspur, kick-off 3-30 p.m.

22nd December — Liverpool v Manchester United, kick-off 8-05 p.m.

The Barclays League Sponsorship

As we reported recently, Barclays' sponsorship of the League Championship is now worth £11.55 million following the extension to the initial three year agreement.

The annual payments are as follows:

1987-88 (Year One) - £1.3 million

1988-89 (Year Two) - £1.5 million

1989-90 (Year Three) — £1.75 million

1990-91 (Year Four) — £2.2 million

1991-92 (Year Five) — £2.3 million

1992-93 (Year Six) — £2.5 million

Every club in the League benefits from the sponsorship through a system of facility payments which account for the major part of the annual sum. This season a total of £1.2 million will be distributed to clubs in the form of facility payments. In return, each club must provide a number of facilities to Barclays including two perimeter advertising boards, a one page advertisement in match programmes and complimentary tickets for each League match. The prize money element of the sponsorship has been increased to £240,000.

Down to One U.E.F.A. Place

With U.E.F.A. having indicated, in principle, the return of English clubs to European Competition in season 1990-91, providing they have the backing of the Government, it is of interest to look at the number of U.E.F.A. Cup places allocated to each of the 32 member associations entitled to enter teams.

The 64 available places are allocated on a system which takes into account the playing records of teams from each country in all three European competitions, over the past 5 seasons. National Associations placed 1-3 in the overall table have the right to enter 4 teams, positions 4-8 three teams, positions 9-21 two teams and positions 22-32 one team.

With English teams ineligible to compete in the last 4 years, a slide down the table to 24th position now offers only one U.E.F.A. Cup place. (In 1984-85, 5 English clubs competed, including holders, Tottenham Hotspur).

Four places: Italy, Spain, West Germany

Three places: U.S.S.R., Belgium, Netherlands, Portugal, Romania

Two places: Scotland, Sweden, France, Yugoslavia, Austria, East Germany, Czechoslovakia, Hungary, Greece, Switzerland, Denmark, Finland, Poland

One place: Bulgaria, Turkey, England, Albania, Norway, Cyprus, N. Ireland, Iceland, Eire, Malta, Luxembourg

LOOK WHO'S SUPPORTING HUDDERSFIELD TOWN AGAIN THIS SEASON

Once again Greenalls are sponsoring your favourite team throughout the 1989/90 season.

Home and away, fair weather or foul, we'll be behind Town.

On match days club members can wet their whistle with the finest Greenalls Beers. And enjoy Huddersfield Town and Greenalls . . . the perfect match.

THE FIRST HAT-TRICK

THE STORY OF TOWN'S 1925-26 SEASON

PART 3

The 1925/26 season kicked-off on August 29th when Leeds Road was visited by West Brom, runners-up to Town in the previous League season. Town were without star left-winger W. H. 'Billy' Smith. Also missing was manager Herbert Chapman who was given an 'au-revoir' in the Town programme — affectionately referred to as the 'blue-back'. Besides giving a welcome to new manager Cecil Potter, the writer welcomed the new rules relating to a simplification of the offside law and throw-ins, thus reducing the use of the whistle.

This 'revolution season' of football started quietly enough at the home of the champions. Town kicked off into the wind but despite the lush green grass surface neither side could find their shooting boots and half-time arrived without a goal being scored.

Early in the second-half Town's international full-back Roy Goodall was injured and continued on the wing. Shortly afterwards new-boy Jackson crossed for Williams (Billy Smith's deputy) to score his first goal for the club. Albion equalised half-way through this second period with a breakaway goal scored by James. Despite Jackson having several exciting solo runs, Ashmore in the West Bromwich goal denied him each time. Thus the game finished at one goal each and it was generally agreed that the lack of stoppages (only three for offside all the game) and also the speeding up of action in the goalmouth led to a better spectacle.

Town, without a midweek fixture, played

their second game of the season at Bramall Lane the following Saturday (September 5th). Sheffield United were the Cup holders and a large crowd was expected, but a gloomy Bramall Lane with a fine, sooty drizzle falling on a dark atmosphere kept the crowd well below average.

The gloom was lifted for Town supporters in the 27th minute when Charlie Wilson scored a brilliant goal with a spectacular cartwheel shot. Johnson equalised for United before the interval and Gillespie put the Blades ahead in the 48th minute.

Wilson, playing at centre-forward for Town, was injured and had to swap places with right-winger Jackson. Almost immediately the Scottish international scored the first of his many goals for Town, latching on to Clem Stephenson's through pass, he accelerated away at tremendous speed and drove into the top corner. Four minutes from time Brown headed in the winner from a Watson free-kick and the Champions were off to a great start.

On the same day Town reserves beat West Brom reserves 2-0 at Leeds Road. Some interesting points were made in the programme notes. Yet another appeal for increased support — pointing out that the reserves often played in front of eight or ten thousand at away games! Page six carried a photo of M. B. Spence, the reserves team captain and the cartoon re-produced here appeared on page twelve. When news of the 3-2 win at Bramall Lane filtered through we suspect that expectations were realised! IAN THOMAS.

SUPPORTERS' SPOT

Welcome to all Bolton Wanderers supporters, who, like us, saw their team win their opening Barclays League match this season.

For all those Town supporters who may have been on holiday for the last two weeks, you will be eager to cheer our players on the field, as they continue to play until the final whistle. Town's late, late show at the end of a game can be a thriller!

H.Q. Facilities

The Portacabin is sited on the main car park again and we are open before all home League and Cup games for refreshments and booking coach tickets (which we prefer to be paid in advance).

Open Night

On Monday, 25th September we welcome you to join us and meet Dick Krzywicki and Bobby Hoy. We hope to find out more about the Community Programme Scheme in which they are both involved. All members and patrons will be welcome at the Greenall Suite and it commences at 7-45 p.m. Come early and bring your mum and dad, who may have watched our guests play for Town, even if you are too young to have seen them.

Away Travel

Saturday, 9th September — Preston N. E. — Depart 1 p.m. — Fare £3.50

Telephone bookings can be made with Mary on Brighthouse 710788.

Crowd Puller

Mick Scott is running this fund raising draw again and it only costs 30p each week for 10 numbers — and someone gets a prize each week. New members can see Mick in the Portacabin.

Memberships

£1.50 — Adults

70p — OAPs & Juniors

£3.50 — Family

You can renew your membership for this season at the Portacabin or send your cheque and S.A.E. to:- Membership Secretary, 12 Beverley Drive, Dewsbury.

Thank You

A big thank you to the sponsors of our information sheet and the newsletter (which will go to 'distant' fans during the season) — they are the Huddersfield Daily Examiner and the Pennine Hilton National.

PATRONS' NEWS

Meetings start next week

Our 1989-90 series of area Patrons' meetings begin again on Thursday. Wherever possible we have again tried to keep area meetings on set days in each month. Normally these will be: **FIRST THURSDAY** — Heavy Woollen, **SECOND MONDAY** — Local Areas, **SECOND THURSDAY** — Pennine/Holme Valley.

Accordingly, the September round of meetings will be:

Thursday, 7th September — **HEAVY WOOLLEN**

Monday, 11th September — **LOCAL AREAS**

Thursday, 14th September — **HOLME VALLEY/PENNINE**

As usual all local meetings will be held in the Greenall Suite, starting at 7-30 p.m. If you are unable to attend your own area meeting, you will be made most welcome on either of the other two evenings.

Draws Continue

We will be continuing Patrons only half-time draws for yet another season — how do we do it? Again this will include the popular 'Director for the Day' and 'Free Meals' prizes. This year we are also indebted to Lorus Quartz who have provided us with a range of watches for the lucky few.

WELCOME TO...

Bolton Wanderers, holders of the Sherpa Van Trophy, are today's visitors to Leeds Road. The famous old Lancashire club lifted the Cup 31 years after their last Wembley triumph. On that occasion the F.A. Cup was the prize, but last May, in front of a 46,000 plus crowd, brought equal joy for their supporters.

The win was a fitting climax to a season which ended with Bolton in 10th place in Division Three. Nothing really special there, excepting that the Wembley win took the club's unbeaten run to 20 games, their best sequence since 1934.

The Wanderers' line-up that day will be pretty similar to the one fielded today, with the most notable exceptions being in attack. Last season's leading Barclays League scorer was John Thomas who has since moved to West Bromwich Albion. Out also has gone Trevor Morgan.

The new look forward line of Tony Philliskirk (from Preston) and David Reeves (ex Sheffield Wed.) took just four minutes of Bolton's opening game to pay dividends. Philliskirk, who began his career at Bramall Lane, chipped George Wood in the Cardiff goal from 20 yards to give the visitors the lead. Reeves, a quick front runner, also caused problems for the home defence, but it was midfielder Julian Darby's long range shot that settled matters.

Surprisingly, Bolton's impressive run finally ended at Rochdale in last week's Littlewoods Cup first leg. Steve Thompson netted from the penalty spot for Bolton but Rochdale replied with goals from Mick Holmes (ex Leeds Road) and Wayne Goodison. Then last Saturday the Burnden Park faithful watched a 0-0 draw stretching the unbeaten Barclays League run to 18 matches.

Dave Felgate (Goalkeeper). Began his career at Burnden Park as an apprentice but made his League bow on loan with Rochdale. He was later sold to Lincoln without making a League appearance for Bolton and after making 198 appearances for the Sincil Bank club moved to Grimsby. He returned to Bolton in February 1987, after a loan spell the previous term, and was an everpresent last season.

Kevin Rose (Goalkeeper) Born Evesham. Signed during the close season from Hereford United and immediately went into first team action. Began his career with Ledbury Town before joining Lincoln but returned without making a League appearance. After moving to Hereford he became a regular for five seasons, making over 250 consecutive League appearances, before losing his place last term to Tony Elliott.

Phil Brown (Full-Back). Signed for Bolton from Halifax Town during June 1988 and was the only outfield player to have an everpresent

record last term. Commenced his League career with Hartlepool where he made over 200 League appearances before completing 135 games for Halifax. He was appointed club captain early last season — taking over from the injured Mark Cane.

Paul Hughes (Full-Back) Born Manchester. Last season was a virtual write off for the home grown 21 year old who suffered injury throughout. A former captain of the Wanderers' successful youth team he progressed to make his League debut in December 1987 against Stockport and went on to make 11 appearances in the Fourth Division promotion winning team. Could well be on the bench today.

Barry Cowdrill (Full-Back). Made over 100 League appearances in an eight year spell at West Bromwich who secured his services from Sutton Coldfield Town. Joined Bolton in July 1988 and made 38 League appearances last term. He can also play on the left side of midfield — a position where he began his career.

Dean Crombie (Full-Back/Defender) Born Lincoln. An experienced player who forced his way back into the first team last February which coincided with the Wanderers' unbeaten run. Scored his first goal for the club in the Sherpa Van Trophy at Wembley. Previous clubs include Lincoln and Grimsby before signing for Bolton in June 1987. He clocked up his 400th League appearance last term.

Mark Winstanley (Defender) Born St. Helens. Came through the club's youth ranks to make his League debut in March 1986. He became a regular in the run in for promotion from the Fourth Division in 1988 and missed only two League games last season. His consistent performances led to him collecting the club's Player of the Year award.

Mark Cane (Defender) Born Exeter. Came to Burnden from non league Winsford United in 1984 and quickly forced his way into the League side. He has since made almost 150 League appearances but missed practically all of last season when he suffered a broken leg in a Littlewoods Cup tie at Chester.

Julian Darby (Midfield/Defender). Signed for the Wanderers straight from school and is currently the only Bolton born player in the first team squad. He made his debut in March 1986 and has since proved his versatility with consistent performances in both the midfield and defensive departments. Missed only two League games last term and scored Bolton's opening goal against Torquay at Wembley.

Ian Stevens (Forward). Born Malta. Made his League debut for Preston North End in March 1985 and later appeared for Stockport County. After some impressive Central League performances he signed for the Wanderers in 1987 and made 21 League appearances last

BOLTON WANDERERS

term scoring 5 times. He was top scorer for the reserves with 20 goals coming in only 18 appearances.

Mike Jeffrey (Forward). Born Liverpool. Some promising displays in the reserves prompted the Wanderers to sign the 18 year old striker on professional forms whilst still on a YTS at the club. He made his League debut in March 1989 and promises to be an exciting prospect.

Tony Philliskirk (Forward). Born Sunderland. Began his career with Sheffield United where he netted 20 League goals in 80 appearances. After a loan spell at Rotherham, he moved to Oldham Athletic in July 1988, but started in only 3 games for them. Preston North End then secured his services and he netted 6 times in 13 appearances last term. Joined the Wanderers in the close season and scored on his League debut.

David Reeves (Forward). Born Heswall. Joined Sheffield Wednesday in 1986, but made his League debut out on loan to Scunthorpe United in December that year. Joined Burnley on loan in November 1987, scoring against Bolton on his debut, going on to net 8 goals in 16 games. Made 17 First Division appearances for Wednesday last term, 9 as substitute, scoring twice and joined the Wanderers in July.

Robbie Savage (Full-Back/Midfield). Started his career at Anfield but failed to make a first team appearance in six seasons. He first appeared in the Football League on loan to Wrexham and was subsequently transferred to Stoke City. Later played for Bournemouth and Bradford City before joining the Wanderers in September 1987 and has since made over 75

League appearances for the club.

Jeff Chandler (Midfield) Born Hammersmith. Began his career with Blackpool before moving over the Pennines to Leeds United. Bolton secured his services for the first time in 1981 when he went on to make 157 League appearances. Derby County was his next stop where he helped them win promotion to Division Two.

Gary Henshaw (Midfield). Born Leeds. Commencing his third season with the Wanderers after signing from his only other League club Grimsby Town. He made 50 appearances for them but spent most of last season on the transfer list at his own request.

Stuart Storer (Midfield). Born Harborough. Joined the Wanderers in January 1988 from Everton after a loan spell with the club. Began his career with Mansfield Town, then moved to Birmingham City before going to Goodison Park in a part exchange deal involving Wayne Clarke. Whilst on Merseyside he also had a loan spell at Wigan Athletic.

Steve Thompson (Midfield) Born Oldham. The clubs longest serving professional who progressed through the youth ranks to make his League debut in November 1982. Has since made almost 250 League appearances in three divisions for the club and missed only three games last term.

Nicky Brookman (Midfield). Born Manchester. Came to Burnden as a youth player after spells with Newport County, Aston Villa and Wrexham. Made his League debut in April 1987 and has since made over 50 appearances for the club.

Back row (l to r): Dean Crombie, Mark Came, Dave Felgate, Kevin Rose, Gareth Gray, Mark Winstanley, Barry Cowdrill

YT CORNER

Hello everyone — isn't it wonderful to be feeling on top of the world — are we or are we not having a great start to the season? Some might say we've been lucky getting last minute goals but it's about time Town started having a bit of luck, isn't it?

Today has been our second YT meeting, the first was held in the Sports Hall and we would like to thank Kieran O'Regan and Ken O'Doherty for putting in an appearance even though they weren't able to stay very long due to being "on duty".

Another visitor was Mark Williams of Sterling UK Financial Consultants, the sponsors of the Young Terriers. Apart from staying to watch you all play football the main reason for his visit was to present the Young Terriers with a fantastic trophy in the shape of a mounted bronzed football boot which will be presented to the winning YT 5-a-side team at the end of the season. This together with the Martin Booth Rosebowl for the top YT team will certainly put an extra competitive spirit into all our meetings. Many thanks to Mark and Martin for these trophies.

Back to the present. Did you all remember to bring your forms (and money) for our Preston trip? I hope lots of you are able to go because

Chris has organised a super day for us (doesn't he always!!!). Get some practice in at penalty taking because one of the treats is a penalty competition on the pitch at half-time!!!

I look forward to seeing you all next Saturday and in the meantime enjoy the match today.

Love, JOAN.

INJURY TIME

Town's victory at Doncaster on Tuesday brought with it injuries to both Robert Wilson and Chris Marsden. Robert left the pitch before half-time with blood streaming from a head wound. This was not as serious as it may have appeared and he should be able to retain his place today. Chris received a heavy blow to a thigh shortly before the interval. It was initially thought to be a 'deadleg', but after the game his thigh swelled up and Chris was taken to hospital with what was thought could be a haematoma — a form of thrombosis. Tests should, by the end of the weekend, have discovered the severity of the injury.

Better news about Mick Byrne who's back complaint has eased. Mick still has slight hip and groin trouble but is expected to resume normal training on Monday. The popular Irishman played during our tour of Ireland but has been unable to be considered for the Yorkshire and Humberside Cup games as well as early season Barclays League fixtures.

Steve Donald is expected back in Huddersfield this weekend following his operation in London. Steve has suffered groin problems which was diagnosed as a hernia. He travelled to London on Tuesday and was due to undergo surgery on Wednesday evening — an operation similar to the one on Simon Webster a couple of years ago.

THIRD DIMENSION

Rotherham United have made a great start to the Barclays League campaign, taking maximum points and scoring three goals in both games. Clive Mendoca, a 20 year old striker heads United's score chart after netting the third goal in both matches, against **Preston North End** at Millmoor (3-1) and away at **Wigan Athletic** (3-0). He also returned to his former club Sheffield United in the first leg, first round game of the Littlewoods Challenge Cup and scored a well deserved equaliser for the Millers three minutes before full-time. It was also a pleasing result for Rotherham manager Billy McEwan eager to impress at his former club. Bobby Williamson notched 28 goals for the South Yorkshire club in their successful Fourth Division promotion season and he continues in the same vein with goals in both League games.

Tranmere Rovers were another club to achieve promotion from the Fourth last season and have also made a good start in their new surroundings of the Barclays Third Division. Although manager John King has already been troubled by injuries to key players their start has been encouraging with four straight wins and twelve goals for their Merseyside supporters to savour. A 2-1 win at **Fulham** and a 3-0 success against **Cardiff City** at Prenton Park have yielded the Barclays League points. Chris Malkin already has three goals to his credit including the two scored in their exciting 4-3 win at **Preston North End** in the Littlewoods Challenge Cup.

Meanwhile it is a welcome change for **Huddersfield Town** to be amongst the quartet of sides boasting maximum points. Ifem Onuora will no doubt be content to contribute to his team's unbeaten spell from the substitute's bench. Last season Town suffered from lapses in the latter part of several games, but the late introduction of Iffy has coincided with the Terriers sustaining their efforts through to the final whistle.

Bristol Rovers are the fourth club yet to drop

a Barclays League point. Striker David Mehow has scored the two goals which have proved sufficient in providing the narrowest of wins in both games, a home victory against **Brentford** and an away success at **Mansfield Town**. The team, managed by Gerry Francis, are justifying their low odds of 10-1 for major honours this season.

In their relegation season as a Second Division club **Shrewsbury Town** scored a mere 40 Barclays League goals. In sharp contrast they headed the goal-scoring charts on Saturday with ten goals from three first-class games. The interesting facet in the Shrew's upturn of fortune in finding the net is that the goals have been shared by eight different strikers. McGinlay and Pratley are the two strikers at Gay Meadow who have scored twice.

Graham Shaw, **Preston North End's** signing from Stoke City, heads the Barclays League Division Three as top scorer with six goals to date. He scored a fine 26 minute Littlewoods Cup hat-trick against **Tranmere Rovers** but still ended up on the wrong end of a 4-3 scoreline. Despite scoring in both North End's League matches away at **Rotherham United** (1-3) and at home to **Bury** (2-3) Shaw and his team have yet to taste success. The Lilywhites are failing to live up to their tag as one of the pre-season favourites for the Championship although these are early days. Michael Gilkes of **Reading** has matched Shaw with a Littlewoods Cup hat-trick as his team took a 3-2 first leg win away at **Bristol City**.

After two Barclays League games only three teams have yet to open their account, namely **Preston North End**, **Leyton Orient** and **Cardiff City**. The aforementioned Welsh club along with **Wigan Athletic** are the only sides yet to score a League goal.

One final point: Reading are the only club still to win AND lose, both their opening games finished as draws.

Since the publication of the disaster a number of things have been done. At Leeds Road the committee, has increased by a number of more stewards, the provision of equipment and the like. They provide for YOUR safety a number of changes within the stadium relatively well maintained. It is to be in excess of £80,000 in an unfortunate position of having and, in turn, the "Green" Football Stadium construction stadia meet those standards try to do. The 43 recommendations Hillsborough in mind, but 2,000 crowd at Halifax recommendations do not mean little flexibility allowed in different circumstances.

INCREASE IN ADMISSE

With concern for your safety has been no alternative but to increase the price of tickets. Road for the rest of the season game against Brentford the following:

THE COST OF HILLSBOROUGH

Lord Justice Taylor's interim report following the Hillsborough disaster have happened within football. Of staging every first team home match, regardless of the size of the stadium of £1,000 per game. This covers the cost of extra policing, many of a fully equipped ambulance with trained personnel, fence cutting of all kinds of things are what Justice Taylor recommended as necessary to In addition, there will, within the next three to four months, be a new stadium at the Leeds Road stadium, a ground which we had always felt was safe. Although the final cost of this work is not yet known I expect the Safety of Sports Grounds licencing body and the police are in the process of implementing to the letter Justice Taylor's 43 recommendations Code". The Green Code, incidentally, is the Government Guide to stadium and, in effect, is a blueprint for a new stadium. To make existing stadiums difficult and extremely costly, but that is what we are all having to do. Foundations of Mr. Taylor were made with a 55,000 capacity crowd at Hillsborough, these are now being applied to all grounds in all circumstances, i.e., a stadium for a 6,000 crowd at Leeds Road. Unfortunately, some of these stadiums in these other situations and a lot of confusion has resulted. There has been a disaster and therefore some of these have seemed nonsense when applied to

ON safety and the need for "Town" to meet the challenge of change there is a need for Town's directors to consider an increase in admission at Leeds Road. It is with great regret, therefore, that as from Town's next home match the cost of admission will be increased by 50p. The new prices will be as follows:

0, Jun/OAP £2.50 Seating: Adult £6.50, Jun/OAP £3.50
 regardless of the extra cost, our supporters are not in sympathy with the increase. Because of the sudden increase we have decided to bring back our supporters to this available throughout the month of September, which will be the cost of the above.

ACROSS THE LEAGUES

Sheffield U. 0 v Town 3

The juniors produced another good performance to pick up maximum points against Sheffield United. The dry conditions made the playing surface hard and a strong wind spoil the game somewhat.

It was a game in which we were always in command but were forced to settle for a one goal lead at half-time. The breakthrough came courtesy of a United defender who was pressurised into putting through his own net. The reality was that, with the wind behind us, 3 or 4 chances went begging which should have put the game beyond doubt.

We played better against the wind in the second half although the second goal took its time in arriving. It eventually came about 20 minutes from time — Brian Byrne running through and tucking the ball away nicely. Shortly before that goal Jason Byrne had replace John Hilditch in the front line and it was Jason who added the third.

United, never really created any clear-cut chances and we were always worthy winners. It was just a case of how many would we score. Team: Baggaley, Boothroyd, Charlton, Johnson, McKee, Weatherhead, Donovan, Rainton, Haylock, Hilditch (J. Byrne), B. Byrne.

Hartlepool U 4 v Town 5

Christmas came early for both sets of forwards at Hartlepool last Saturday. But, fortunately, we managed that extra goal to keep our 100% record intact.

The pitch resembled something like a ploughed field and United's officials were very apologetic for the conditions. The game itself kicked-off at a furious pace with both sides trying to play football at 100 mph. Such a style brought problems of our own making and it was not until we slowed the game down and started passing the ball about that we took control. An early deficit was overcome and we rattled in goals from Brian Byrne, Garry Haylock, Jason Byrne, then Haylock again to

give us a 4-2 half-time lead.

Our major problems came from Hartlepool's two big strikers who proved a handful and caused trouble down the middle. It was a little surprising that our more experienced players struggled and after a good deal of pressure we surrendered that two goal lead. It was a little relieving than when Jason Byrne headed in Brian Byrne's cross for the winner.

While it is always satisfying to win, our method was not the best one available. I would much rather play constructive football and win maybe 2-0, but it must have been entertaining for spectators to watch.

Team: Baggaley, Boothroyd, Charlton, Johnson, McKee, Weatherhead, Donovan, Rainton, Haylock, J. Byrne, B. Byrne.

Our win at Hartlepool put us top of the Northern Intermediate League with maximum points from three games. We lead the table, courtesy of a single goal, from Sheffield Wed. and our two sides were due to meet at Leeds Road Playing Fields this morning.

A word about Brian Byrne is also due. Brian played in most of last season's NIL games without finding the net. So far he has scored four times in three matches and is looking a far better player. Playing on the left flank, Brian is "getting in where it matters" and is finding plenty of chances. Keep it up, Brian.

Leeds Road Playing Fields was also the venue earlier this week for our Under 16s who faced Nostel. The game gave us the opportunity to field our YTS lads who have so far not figured in the Northern Intermediate League. All acquitted themselves well against an experienced Under 18s side. Special mention must go to Chris Billy who capped a fine display by scoring four of our five goals.

The Under 16s can soon be seen in regular action on Sunday mornings. They will be taking part in a new league — the Yorkshire Conference — and our first match will be at Rotherham on 10th September.

WHITELEY'S WISDOM?

Last Saturday's result at Walsall, which saw Town triumph by the odd goal in five, turned my mind back to an article written for the Association of Football Statisticians by Tony Brown of Nottingham.

Believe it or not Tony has very meticulously tabulated all the Football League results between 1888/89 to 1987/88 by match score and by analysing these it is possible to calculate the odds of a particular score happening!

For instance take that 2-3 scoreline at Walsall. The figures show that 2-3 has occurred 2,409 times in 134,983 games, that is 1.78% of all games. In other words, the chance of it happening are over 55-1, assuming that all other influences are equal.

Town supporters of a number of years will remember that famous game at the Valley on 21st December, 1957, when Charlton Athletic defeated Town by 7-6 after the scoreline at one point had read 1-5!! Now that is the one and only occasion when a Football League match has finished 7-6, so if you want to bet on today's game finishing the same you'll need odds of over 135,000-1!

Of late, the 10-1 score that Town were on the wrong end of at Maine Road a couple of seasons ago was the 11th time it had occurred, so it wasn't too bad after all! Last seasons 0-6 win at Bury was the 46th time such a score had appeared in the results — a 2,935-1 chance!!

So what are the chances of any particular score happening today? There have been 95 different scores in Football League games so far ranging from 0-0 to 13-4! Here then are the odds for the top twenty scores:-

Odds	Score	Odds	Score	Odds	Score	Odds	Score
8-1	1-1	17-1	0-1	33-1	3-2	62-1	4-2
9-1	1-0	17-1	3-1	33-1	4-1	77-1	5-1
10-1	2-1	18-1	1-2	37-1	4-0	77-1	0-3
11-1	2-0	18-1	3-0	44-1	1-3	82-1	5-0
13-1	0-0	19-1	2-2	55-1	2-3	82-1	3-3

So the moral of this little exercise is never to bet on forecasting the score!! If you compare the above with what you can be offered for similar jaunts in a bookmakers office then you know who's likely to be in profit!!!

COWSHED CLOSED

As a result of the interim report issued by Lord Justice Taylor on the Hillsborough disaster, 43 recommendations were made, 28 of which were to be implemented by the beginning of the season.

One of these was a liability on the licensing body, in our case Kirklees Council, to immediately review the Safety Certificate of each Football League club. In doing so during this last week there was some uncertainty as to the safety of the Cowshed roof.

Because of the Club's regard for the safety of its supporters we have voluntarily agreed to the temporary closure of the Cowshed for the time being.

The Cowshed will be re-opened in due course, but in the meantime we apologise to those who normally watch the game from this terrace.

We are quite sure they will fully understand that spectator safety is paramount at all times and particularly so in the light of the Hillsborough disaster.

GEORGE S. BINNS.

WELCOME TO VISITING FANS

It is our normal policy at Leeds Road to offer reduced admission for Juniors and Old Age Pensioners. This also applies to visiting supporters. If, however, this is not to be reciprocated when our supporters visit your ground, this offer is then **WITHDRAWN**. We regret that this is the case today in respect of the standing terrace for visitors and we therefore apologise that children and pensioners have been charged full price in that area.

STAND SEASON TICKET HOLDERS

Within the next 14 days, in order to meet safety requirements, 300 seats will be removed permanently from the stand. This will necessitate a number of season ticket holders having to move their seats. If you are affected you will be contacted within the next few days. We have kept this inconvenience to a minimum and we ask those ticket holders involved to accept our sincere apologies.

TOURING AGAIN

Not content with a pre-season tour of Ireland, the Town players recently received an invitation to tour Greenalls brewery at Warrington. While we are sure the lads would have preferred a couple of extra hours at the training fields, they 'reluctantly' agreed to the visit.

The first team squad is pictured here with Len Donovan (centre) and Martin Graham (extreme left) of Greenalls. Representatives of our main sponsors can often be found at Leeds Road on matchdays, so it was nice to be able to return the compliment.

We would also like to send our best wishes to Martin who has just moved on to "pastures new". Martin took over from Ian Challenger as Free Trade Area Manager last year and, despite being a Wednesday-ite, soon realised that more than one club played in blue and white stripes. His successor will be Peter Wroe — but we're still trying to discover who he **used** to support!

BYGONE DAYS

10 YEARS AGO . . . Town tasted defeat for the first time during the '79/80 campaign with a 2-0 set-back at Lincoln City on 1st September. Two superbly headed goals from home striker Mick Harford, both in the second half, proved decisive although Dave Sutton had hit the crossbar in the 19th minute.

Despite winning our opening three Division Four games, Town slipped to 5th behind Portsmouth, Bradford, Walsall and Lincoln. Pompey won 2-1 at Wigan to maintain their 100% record while George Mulhall celebrated his 'Manager of the Month' award by seeing his Bradford side win 3-0 at Doncaster.

The only other club to boast a maximum record was Notts Forest who produced a stunning 5-1 display at West Brom. Hero for Forest was Garry Birtles who hit a hat-trick. True to form, Brian Clough then refused to deny reports that Birtles was being offered to Aston Villa as bait to bring Andy Gray to the City Ground.

Still in Division One, Bolton lost 3-1 at Brighton but could still boast that of all the clubs in Lancashire only Man. Utd. were above them. Over at Elland Road 23,000 watched Leeds and Arsenal draw, but at the other end of the scale Halifax's attendance of 1,418 against Crewe was the lowest to date in the Football League.

20 YEARS AGO . . . Town's early season promise continued on 30th August, 1969 with a 3-0 home win over Bristol City. Against undistinguished opposition the team never really moved out of first gear and goals from Hoy, Bristol's Bush and Dobson won the day.

Four wins and a draw from our opening six Division Two matches put Town well up amongst the early pace-makers. Leading the pack were Sheffield United with 11 points from seven games. Cardiff City laid a point adrift with Town one further behind, but we held a game in hand on the top two.

Three days later all hopes of a lengthy stay in the League Cup came to an abrupt end in the second round. Town travelled to Carlisle and despite always looking lively in attack, we failed to find the target and lost 2-0.

Bolton's Second Division season had so far failed to scale any heights of note. A 2-1 defeat at Cardiff City meant no away win in four attempts. But this was matched by a home record of two successes from two outings.

30 YEARS AGO . . . Town travelled to Brighton on Tuesday, 2nd September, 1959 boasting the only 100% winning record in Division 2. The line-up showed just one change from the side that defeated Scunthorpe the previous Saturday — Howard was in for France at inside-left.

However, hopes of a fourth straight win were dashed when Gordon scored for Brighton eight minutes from time to give the home side a 3-2 win. The match was described as being 'spoiled' in the second half by robust play and Town refused to mark the referee and reported him to the League's Management Committee for incompetent control. The defeat for Town meant that with just 12 days of the season gone no club in the four divisions had now collected maximum points.

Highest crowd of the day was at Stamford Bridge for the evening's meeting against Man. Utd. Having lost their opening 2 matches, United looked to be returning to form with a resounding 6-3 win. The day also produced wins for Newcastle and Lincoln City which left only Chester and Reading without a point.

Two days previously Bolton had fallen to defeat at Blackburn which kept newly promoted Rovers at the top of Division One. Bolton's hero was England keeper Hopkinson who pulled off a series of saves, including a penalty, to limit Blackburn to a single strike.

40 YEARS AGO . . . Already only five games into the season indications were becoming clear that it would be one of struggle for Town. Having only narrowly missed relegation the previous April, the new campaign had failed to bring victory in the first quintet of matches.

The latest set back came at Goodison Park on 3rd September, 1949 where Everton fired in three goals without reply. But Birmingham remained bottom, they like Town and Arsenal, had accumulated just two points, but held an inferior goal average.

Wolves sat proudly on top of the Championship table with a maximum ten points, the Football League's only 100% winning record. Two other clubs held 100% records, having lost all matches. They were Bury in Division Two and Bradford City in Division Three (North).

Bolton moved from the bottom of Division One with a home win over Sunderland. It was their second success at Burnden Park but had yet to find a point on their travels.

Sheffield Wednesday looked likely challengers in Division Two and stayed only a point off the leaders with a 4-2 win over Chesterfield. Hull City also remained in close touch. But Sheffield United, Leeds, Barnsley and Bradford P.A. all failed to win and remained in the lower half of the table.

I now realise the season has started, so welcome back to Leeds Road.

I thank the many sponsors who have renewed their support for 1989-90 and also the new sponsors who have recently joined us. Once again the Club would like to thank Harvey Woodhead of the Old Bridge Hotel, Holmfirth, for the Goal Sponsorship during 89-90 of the new inflation price of £11 per goal. Neil Proverbs of Tingley is also supporting the Goal Trail to the tune of £2 per goal.

The players are delighted with Ben Shaws Sponsorship of the pre-match 'Bensade' Drinks, full of glucose and not as the name may indicate "Ben Johnson-ade".

Dear Mr. Paul O'Berg, Tinos Travel,

What a Holiday. I would like to take this opportunity in thanking your company TINOS TRAVEL GROUP for the excellent holiday I had in Malta. My luck came when I won the Huddersfield Town Lottery Holiday.

The organisation was excellent by Tinos from start to finish. The representative, Tony was a great help once we arrived. The hotel was good and I shall certainly go back to Malta sometime.

So many thanks again to all your staff and I hope you continue your success for years to come.

ABOUT TOWN WITH MELVYN BOOTH

Town fans have already elevated big Iffy Onuora to star status at Leeds Road.

The 22-year-old continued his storybook introduction to the professional ranks by etching his name onto the senior scoresheet for the first time against Doncaster Rovers.

It was enough to make him the most talked about player in Eoin Hand's squad but the economics graduate is content to play bit parts for the time being.

"Becoming a regular in the first team is something for the future, at the moment I'm quite happy just to be in the squad," said Onuora, who would make a pretty useful cruiserweight if he turned to boxing.

"Of course I'm aiming to go as far as I can but I'm still in the middle of a big learning process in terms of football at this level, and that's occupying me full time.

"Fitness wise I'm getting there, I've done a lot of hard work through the pre-season, but I know I've still got a long way to go both physically and mentally.

"I'm really enjoying myself, though, and the supporters have been fantastic. They've been behind me right from the start and it was nice to repay them with a goal."

No-one had heard of Iffy until Town flew off to Ireland in the last week of July.

At the time, he'd been at Leeds Road for little over a week and impressed the management enough to earn a place in the 16 strong travelling party.

He scored in the third match of the tour against Drogheda and returned to capture the headlines with an absolute dream goal against Grimsby in the Yorkshire and Humberside Cup.

Iffy, who took his degree at Bradford University, was recommended to Town at the end of last season by Dai Jones, the Kirklees Soccer Development Officer.

Born in Glasgow, he played schools football on Merseyside in the same team as Mark Seagraves, the Liverpool and Manchester City defender, and progressed through the grades to play for the English and British Universities.

He's big, 6ft 3in and 13st 7lb, strong as an ox and reveling in every minute of his new career.

"Even when I was going through university I was always aiming to play football regularly and couldn't see any harm in trying to make it at the highest level," he explained.

"Coming to Leeds Road has been a really positive move for me, a complete change, and I'm really pleased with the way things are working out.

"The players and the club have been excellent, I'm learning an awful lot from the other lads and being part of a nice set-up is great.

Iffy Onuora

"I've not achieved the level that's necessary yet, but I'm getting sharper, reacting more quickly on the field and getting to know what is expected of me."

Iffy's university mates and family have been keeping a close check on his progress because last season he played a couple of reserve games for Chester City and was lined-up to sign for the Sealand Road club.

"I've got family in Liverpool and London who are reading stories in the newspapers and loving it all," said Iffy, who has three brothers and a sister.

"They want me to do well, I'm keen to do so and it's down to a matter of continuing to work hard.

"I think there are a few of my friends from university who don't even know that I've been taken on by a professional club, but those who do have been very supportive and have been down to Leeds Road to watch the games."

So what of his first goal in a major competition?

"I remember being around the edge of the penalty area and the ball was played back in by Kieran O'Regan following a corner," he said.

"A few players went up to challenge for the ball, Ken O'Doherty flicked it on and I just managed to stick my foot out and poke the ball past the goalkeeper."

The goal last week at Walsall was Iffy's first in the Football League — most Town supporters are sure it will not be his last.

A CAUSE FOR CONCERN

The increase in the number of matches kicking-off late this season is causing the Football League concern. Whilst the League wholeheartedly agree with Lord Justice Taylor's assessment in his interim report that **crowd safety should be the paramount consideration** in deciding whether a kick-off should be put back, the number of games where the police have exercised their option to order a delayed start indicates a disturbing trend.

The interim Taylor report quite unequivocally gave the authority on this issue to the police officer in command at the ground, and neither the League nor Huddersfield Town would argue with that conclusion. Nevertheless, there are dangers that spectators will become accustomed to kick-off times being delayed and, as a result, be even less inclined to arrive early.

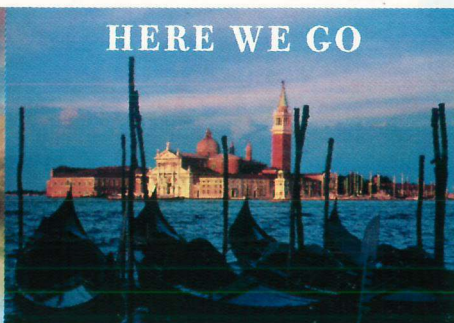

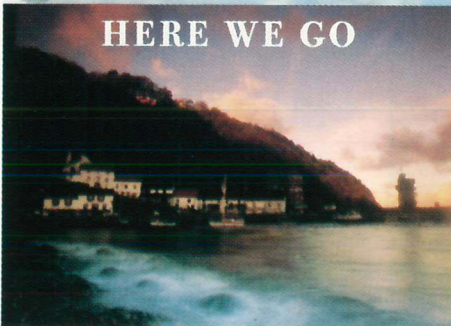

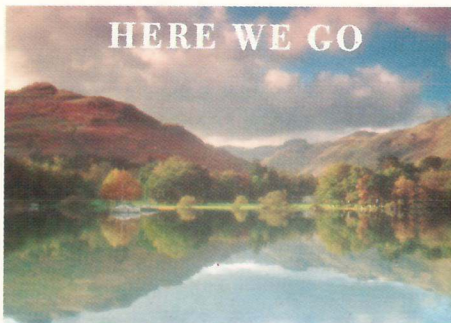

In the wake of the Hillsborough disaster, the police are, naturally, being very cautious and football would not have it any other way. But do spectators who arrive late always constitute a risk to public safety or does an over-cautious approach present hidden dangers for the future? There will continue to be much discussion on this and many other important matters surrounding safety at football grounds. Indeed, the question of delayed kick-offs has already been the subject of discussion between the football authorities and supporters' organisations. And Lord Justice Taylor will doubtless take further soundings on this particular issue before concluding his final report.

For its part, the Football League will investigate every late start carefully to ensure that clubs had taken all reasonable precautions — that enough turnstiles were operating and that arrangements outside the ground were adequate, for example.

Please help Town kick-off on time, **ARRIVE IN GOOD TIME.**

FOOTBALL IN THE COMMUNITY

Football is more than a game of 90 minutes. Every day clubs throughout Britain are extending their activities far beyond the pitch and into the lives of their local communities.

Social clubs and transport for the elderly, the provision of creches, projects to counter racism and sexism, artificial pitches for local use, the coaching of junior sides and the encouragement of women's football are only a few of the community based initiatives undertaken by clubs.

Much of this work has received help from The Football Trust. Each year the organisation receives over £9.5 million from the Spotting-the-Ball competition run by Littlewoods, Vernons and Zettlers and spends it on projects that benefit all levels of the game throughout the United Kingdom.
